

# Welcome to SCS Summer Camp

## *Treasure Seekers*

*Join us as we seek the treasures that God has  
intended for us to find.*

June 18-August 17

9am til 4pm

Every week we will explore another of God's creation to find treasures where ever we go. Included will be map reading, X

marks the spot, treasure boxes, treasures, hiking, survival skills, and quite a bit of pirate speak.

Each week is different and treasure seekers are divided based on age, so that activities and field trips are age-appropriate.

Week One:	God creates
Week Two:	God knows me
Week Three:	God is wise and good
Week Four:	God keeps His promises
Week Five:	God is holy and perfect
Week Six:	God is powerful
Week Seven:	God is merciful
Week Eight:	God Strengthens
Week Nine:	God is the one true God

Field Trips will be announced in April. One/Two every week.

What could be better than a summer full of treasure? A summer full of pirates, princesses, mermaids, and fairies.

Come with us on a summer of finding the treasures of the deep, treasures on the land, treasures buried for hundreds of years, treasures in your own back yard, and most importantly treasures on Jesus can reveal to us.

Daily Schedule

Our daily schedule functions as a map guiding us through each day. Campers will choose a map and follow it for the entire day, going from one activity to the next.

At camp we provide opportunities for arts and crafts and free art. Organized games and free play. Quiet/reading time.

Building and creating with a wide variety of materials. Science experiments will be a part of every day. Large group time and small groups as well. Campers will have time to be off on their own (within certain parameters of course). And spending time just being a part of a peer group.

Although, campers may sometimes be asked to help with an activity for the little campers, they will be their own separate group.

A sampling of activities are listed below as well as a sample schedule.

Some of the activities we will embark on:

- × Making treasure colored slime,
- × Creating pirate snacks
- × Crafting cool treasure boxes
- × Exploring with our handmade pirate tools
- × Playing, climbing, running, jumping, and rolling down hills
- × Learning new games while playing old favorites
- × Constructing boats, and other fine pirate materials
- × Using our imaginations
- × Inventing new concoctions and secret potions
- × Combing the beaches, the woods, and the local playgrounds
- × School-agers will go roller skating, bowling, and bubble soccer
- × Preschoolers will go to pump it up, giggle gym, and plenty of playgrounds to play.

- × Both groups will gather at beaches, for ice cream, and a lot of picnics
- × Everyone will search for treasure wherever they go, will make new friends, and learn new and interesting facts about the world and about the Savior who loves them, NO MATTER WHAT!

### Daily Schedule:

Arrival Time: 6:30-9:00 (with free choice, breakfast etc.)
